Frankly Speaking

For those of you that missed the safe opening class held in OKC on 4 may you missed A golden opportunity to get some hands on experience. It takes a lot of work to load up and haul safe to a sight where we all can see them. Some of the newest equipment was there and in use. Clarence Weber brought his :Little black box: to show How most safe locks can be opened with no damage to safe or lock. Simply amazing. Anthony Johnson had several safes that were locked up and had to be opened. And by the way Anthony did a great job directing the class. A good time was had by all. Just a great time. Oh I almost forgot Anthony brought a piece of GSA safe equipment you won't just find at your local key shop. Hats off to all that attended. There will be other classes in the future and we would lov to see you there. Again thank you Anthony for a fun filled day.

Frank Bellizzi

Ps Anthony be carefull where you leave your after shave lotion
